

Two photos of one girl who is not afraid of any sort of animal. She is Miss Gladys Ditmars, daughter of Dr. Raymond Ditmars, head of the Bronx Zoo. At left, she is riding the 200-year-old turtle, and above she uses a king snake for a bandeau.

How do your Eyeglasses LOOK?

You look through your glasses. Others look AT them. You may SEE all right, but do you LOOK all right? Ill-chosen glasses can mar the comeliest countenance. YOU are not to blame if yours fall you. Your optician should protect you. Glasses leaving here must BECOME you as well as FIT you.

What Commander Booth thinks of this Bond—

IT matters little what we think of the importance of the Bond that goes with each loaf of Bond Bread—the Bond that guarantees the purity of each ingredient.

So we asked Evangeline Booth—the head of the Salvation Army in the U. S. A.—for her opinion.

"What do I think of a plan that will actually *Bond* and thereby guarantee the quality of bread that is sold in loaves to the poor today?" wrote Commander Booth.

"Any system that will give the

humblest home a loaf of bread—identical in its merit with the loaf that finds its way into the mansions of the great—is a real boon to the poor.

"If you can accomplish such a thing you have taken the first long stride that I know anything about, to throw some measure of protection about the unfortunate adults and helpless babies whose lives have been little more than a struggle for daily bread, anyway—and whose strength and health are the first consideration in the building of a great, virile God-fearing nation."
